

Press Release – January 1, 2025

For Immediate Release

Neuro580 Announces *GOT GREEN!* Marketing Campaign to Launch in 2025

Neuro580 (www.neuro580.com) announces the launch of its *GOT GREEN!* Marketing Campaign for 2025 to showcase some of the most innovative work done in reducing inherent workplace stress and increasing performance.

Neuro580 specializes in:

1. Delivering neuroscience-based solutions to enhance cognitive efficiency.
2. Developing tailored neuro-hacking strategies for personal and professional wellness.
3. Providing tools to maximize mental clarity and decision-making under pressure.

In consultation with several marketing firms, Neuro580 plans to release several contents highlighted by a White Paper, Case Studies, and CDC Talks Videos – a 6-Part 7-10 minutes videos.

Suprit Patel, President of Neuro580, noted:

"What we've done is ground-breaking and the world needs to know our story on how our patent-pending IP on self-care tools can positively impact any moment of stress or desired high performance."

Tom Eiselt, Board Member, also commented:

"The Board has been blown away by both the success of 2024 and the opportunities for 2025. This GOT GREEN! Campaign will showcase this and thrilled that the marketplace will get to see the cutting-edge work of Neuro580."
